Hexa Precision Industries

"House of Hydraulic Pumps, PTO's & Accessories"

GLOBAL FOOT PRINTS

History

- Established in the year 2017, in industrial hub near Chandigarh, by the group of passionate professionals to create facility where innovative solutions could be manifested.
- Over the period, Team Hexa has achieved many milestones by introducing high performing innovative products for Hydraulic Tipping, Agricultural and Earthmoving applications which include Gear Pumps, PTO's, Low Torque Gearboxes and Distribution valves.
- Today Hexa is fully equipped with State-of-the-art precision manufacturing capabilities and end-of-Line Testing, meeting high global standards of quality and performance.

Mission

- To **design, manufacture, and supply** high-performance hydraulic power solutions that meet the evolving needs of our customers across industries.
- To uphold the highest standards of **quality, precision, and durability** in every product we deliver.
- To foster a culture of **continuous innovation**, investing in research and development to stay ahead in hydraulic technology.
- To build long-term partnerships through **exceptional service, technical support, and customer satisfaction**.
- To operate with **integrity, responsibility and sustainability**, contributing positively to our communities and the environment.

Vision

To be a global leader in hydraulic power solutions by delivering innovative, reliable, and sustainable products exceeding customer expectations.

FOOT PEDAL VALVE

Compatible for KOBELCO Excavators

Technical Specification

Model No. compatible for:

SK140, SK210, SK 220, SK 380, SK 480

Normal working pressure:

35 Bar

Maximum working pressure:

50Bar

Weight:

6.5KG

Port Size Inlet/Outlet:

3/8" BSP / 1/4" BSP

NOTEPAD
